SEE HOW CONTRACTOR'S CHOICE™ COMPARES TO THE COMPETITION

Made from the latest in aviation de-icing technology used at major airports and infrastructure conscious facilities across North America. Contractor's Choice™ Commercial™ Ice Melter's unique SmartMelt formula compared to conventional ice melt blends Contractor's Choice™ has quicker ice melt activation, superior low temperature ice melt capacity, and doesn't track or stain front entrance ways when used as directed. Contractor's Choice's unique anti-ice barrier feature also helps prevent snow & ice buildup when used prior to winter storm events. Don't put your professional reputation on the line with a conventional blended retail ice melter, put your trust in a proven commercial ice melt product that is engineered for professional results.

Higher brine value (bv) indicates more ice melt
