

Castle Blend Basalt Wallstone

Specifications:

Product Code:	CASWAL35
Bed Depth:	8" - 10"
Heights:	3" - 5"
Lengths:	10"+
Coverage:	25 - 28 ft ² /ton
Weight/Square Ft.	100 lbs +/-
Common Uses:	Drystack Walls, Garden Borders

All measurements and coverages are approximate.

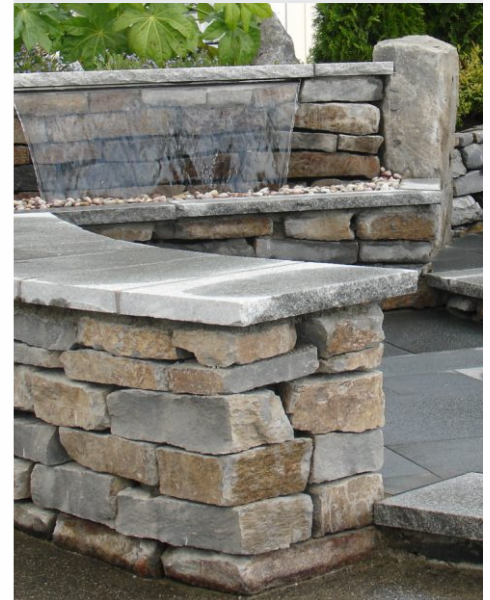

Characteristics:

Castle Blend Basalt is our newest drystack wallstone available in one sort size of 3"-5" height. It features a primarily blueish grey split side with browns taupes, and golden hues on the outside weathered crust. Image shows a blend of both sizes/sides.

Description & Color:

This wallstone can be installed with either the split side or the weathered side to the front. By virtue of its blocky nature, the stone allows the installer to easily build a drystack wall with a more consistent, linear appearance with less construction time and less waste.

Packaging & Delivery:

Castle Blend Wallstone is packaged in wire baskets on pallets with a total weight of approximately 3500 pounds per pallet.
